RE: Tax Lots 001.1-01-03.0, 073.01-08.1, and 073.01-08.3 Onondaga County, New York

Dear Mr. Olavarria:

The United States Environmental Protection Agency ("EPA") is charged with responding to the release or threatened release of hazardous substances, pollutants and contaminants into the environment and with enforcement responsibilities under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA," also known as the "Superfund" Law), 42 U.S.C. §§ 9601-9675. Pursuant to its authority under CERCLA, EPA is currently performing a remedial investigation at the Lower Ley Creek subsite of the Onondaga Lake Superfund Site ("Site") located in Onondaga County, New York. As part of the remedial investigation, EPA is collecting samples to determine the extent of the contamination.

By this letter, EPA is seeking your consent to enter and have continued access to the roads and pathways on parcels 073.01-08.1, 073.01-08.3, and 001.1-01-03.0 in order to conduct sampling near Lower Ley Creek scheduled for September and October 2011. EPA will endeavor to utilize the roads and pathways in such a manner as to minimize disruption to you.

Please review, sign, and return the enclosed consent for access form to me by email ([Tames.Pam@epa.gov](mailto:Tames.Pam@epa.gov)), fax (212-637-3966), or regular mail to 290 Broadway, 20th Floor, New York, New York 10007.

If you have questions regarding the consent form, the remedial investigation sampling, or the Onondaga Lake Site remedy in general, please contact me at 212-637-4255. For legal questions, please call Lauren Charney at 212-637-3181 or contact Ms. Charney by email at [Charney.Lauren@epa.gov](mailto:Charney.Lauren@epa.gov).
